Dear Minister

I would like to hereby register my formal objection to Rother Valley Railway plans.
As a resident from a nearby town I have to regularly travel the A21 for work. It is already unfit for the amount of traffic that need to use it adding a level crossing in the A21 and two subsidiary roads will bring the whole area to a halt with a huge increase in pollution and smoke.

This will cause huge disruption to motorists and is contrary to the Government's and Network Rail's policy to remove as many level crossings as possible as they are deemed to be dangerous.
I do hope the government will see sense and block this ludicrous hobby project.

Regards
Izak van Heerden
