Dear Sir

Re. Proposed RVR Extension, from Bodiam to Robertsbridge.

May I please also add my objection due to the facts:

(a). The disruption to Farmland etc.

(b.) Level crossings on the A21 and Northbridge Street - the volume of traffic involved on the A21, would be quite significant.

(c) The problem of Parking? for additional visitors - joining the train at Robertsbridge.

Yours.

These are problems that come immediately to mind – and I'm sure that there are many others; including Environmental Change.

Yours Faithfully.
