The Weatherby Crossing

Dear Warwick.

As a landlord of three houses in Barry Lynham Drive I must object to the proposed closing of this pedestrian crossing. My tenants will be severely restricted when walking to The High Street and shops. This crossing is on the direct route to the town and they use it for shoping, recreational and employment purposes.

My wife and I use this crossing on one of our "daily" walks .It must also be used by those going to the Ridgeon Football Ground for training and match's.

Yours sincerely

Peter Golding
