YOUR COMMENTS ON THE CASE

I oppose the application. The noise from the airport already disturbs us during the night and early mornings as well as on sunny days when aircraft usually take off in an easterly direction making enjoying the garden difficult. The expansion of the airport appears unchecked over the last many years, no doubt due to its ownership by the local council (which has a vested interest in its expansion). Surely we should be worried about the increased aviation emissions' effect on climate change and the application contravenes the Luton Local Plan and government policy which require noise to be reduced.
