YOUR COMMENTS ON THE CASE

I am very opposed to the Luton Airport expansion. They have already increased flights and passengers well before the dates previously promised. Much of the land they will be utilising is agricultural land and should remain as such. There is little enough Green Belt as it is. All these increases in flights can only increase the pollution levels, I thought we were trying to lessen pollution NOT increase it! Added to this the noise is really NOT sustainable for people living in the vicinity. It disturbs sleep, making business phone calls very difficult. The quality of life in nearby villages is definitely declining due to the airport. The village school and Nursery cannot operate properly when aircraft take off as nobody can hear for the noise. Sleep deprivation can increase ill health. The roads are becoming overwhelmed now without any expansion. Holiday makers parking in villages, cars being parked outside peoples houses for weeks at a time. Luton Planning Inspectorate please Reject this application.
