YOUR COMMENTS ON THE CASE

I strongly oppose any further expansion of luton airport to 19M and relaxation of it's noise rules.I live under the Match Detling route for departures and already am disturbed night and day by planes flying at low altitude from Luton airport.The noise agreement in place is already breached all the time,to the detriment of residents (Hertfordshire residents)such as myself (airport being in Bedfordshire).
There is also no justification to expand the airport at a time when the country is trying to cut carbon emissions.Most of the econmic benefit expansion would bring would go directly to Luton Borough Council with no benefit to surrounding areas.
