YOUR COMMENTS ON THE CASE

As Chairman of PAIN, we wish to register our objection to this application, on the basis that Luton Airport breached night-time noise contour limits, set as part of earlier planning approval, in 2017, 2018 and 2019, and is only making this application to cover this breach.
In addition, a clear case of need has not been made for the application.
In addition, noise contours have been constructed using a speculative view of fleet mix of new quieter planes with older noisier planes and are open to question. Any expansion at Luton Airport will have an impact on local ground traffic congestion, and also resident`s health and well-being and this should be fully evaluated by the Planning Inspectorate.
