YOUR COMMENTS ON THE CASE

Dear Sir/Madam, I am opposed to the expansion of Luton airport because we are facing the extinction of the human race on account of our destruction of the planet. The expansion will contribute to this destruction. All decisions must be made to serve the welfare of people and not personal capital gain.Charities that enjoy funding from the airport revenue can continue to do so if the councils spending policies are driven soley by integrity and imaginative solutions to Lutons challenges. Arguing that Luton's expansion is contributing to hte UK economy on a national level is negated by the fact that most flights are leisure based, taking money out of the UK.The decision to expand is contravening the Luton Local Plan and government policy.
As well as the ill effects of air pollution suffered by people living under the flight paths, the increased sound pollution will contribute to mental stress.I speak from personal experience. The level has already contravened recommended levels. Not only will the expansion destroy more wildlife it will put extra traffic on local roads.
Yours Faithfully
Eleanor Martin
