YOUR COMMENTS ON THE CASE

I strongly oppose any further expansion ,and relaxation of noise rules . My home and the local area is blighted by constant noise from travel on the match-detling route . we are already woken up from sleep at 6.15 am everyday ,with noise every few minutes until 9am or later . Evening froom 5-10 is horrible ,and there are loud and frequent night flights . This all creates stress and affects our health ,as well as our enjoyment of our property and garden ,which is not peaceful ,but rather like living under a motorway with itts roar ,but above our heads . Expanding Luton will inevitably make this noise worse ,with even more frequent flights (there are alrady twelve or more flights an hour at peak times ,meaning due to the wave front of noise ,nnoise is almost constant). Relaxing noise rules ,especially at night would make our position intolerable
