YOUR COMMENTS ON THE CASE

I oppose the application because Luton Airport should not be expanding when there is a climate emergency. Giving permission for this would go against the government's stated aim to reduce carbon emissions and make the UK carbon neutral by 2050.
On a personal level, I am already frequently disturbed at night by flights and am worried that this will worsen if the number of flights increases.
Roads and trains in the area are already crowded. How can they cope with an increase of air passengers?
