YOUR COMMENTS ON THE CASE

I am opposed to the application as it would seriously worsen the already severe noise and pollution levels at my home and its surroundings. Luton Airport has flagrantly breached their obligations in respect of noise and pollution over many years and has shown it cannot be trusted to comply with promises and formally adopted obligations. Any expansion should be denied and the airport operator and user airlines should be made to abide by existing obligations and suffer financial penalties for non compliance.
The expansion flies in the face of policies designed to achieve national environmental obligations and targets and the objective of moving towards sustainable air transport.
