Dear Secretary of State

I wish to make my further objections known to you in respect of the above subject  
And closure of a well used Level Crossing which connects a Public Bridal Way in our Village and provides access to a large Business Park( Pheonix Business Park )and also a smaller one (Enterprise Court ) by local employees.Ramblers and Horse riders also use this crossing to join the Public Footpath to the A63 Selby Road and beyond.

The suggestions put forward by Network Rail are totally unacceptable and a Bridge is the obvious solution,but would appear to be ignored by the applicant probably as it a more costly option. Yet a bridge is being provided in another area on this same line! Which surely sets a president.

I look to you for your support in refusing this application.I have made my objections twice previously to Network Rail together, with my suggestion of a bridge over the line to continue access for people in our village.

Yours sincerely

Christine Boothroyd
