Commenter Type: Neighbour response

Stance: Customer objects to the Planning Application

Comment Reasons:

Comment: I object to this bridge being demolished as it is the same height as the road bridge so the height should not be an issue for electrification to the line. I use this bridge regularly on the public footpath whilst walking my dogs as it is away from the bussle of the station at the other pedestrian bridge. It is part of the history of garforth and should remain so. There are very few places where you can cross the railway line and you will be dividing garforth into two halves by removing access across the railway line.
