Comment Reasons:

Comment: As a daily user of this bridge I will be very disappointed to see it demolished and not replaced. This bridge is in regular use by many walkers in the area who want to walk through nature rather than on concrete pavements 100% of the time. Garforth already has limited access to natural spaces and all are already tightly controlled by landowners, this will restrict access to public rights of way further and diminish access to the countryside. Surely a simple footbridge could be built for the people of Garforth (and their dogs).
