- CIVIL NOTES
- C1. The works shall be in accordance with the Specification for Highway Works and Network Rail group standards.
 - C2. The locations and descriptions of the undertakers services plant and apparatus illustrated on the drawings has been assimilated from information provided by the statutory undertakers service suppliers and is provided for guidance purposes only. No responsibility is taken for the accuracy or current status of this information. Prior to the commencement of works on-site the contractor must apply to the statutory services providers to obtain their current information regarding the location of all plant and apparatus. The accuracy of this information must then be established b the contractor by means of hand excavated trial pits and electronic scanning measures.
 - C3. All opening notices etc., as required under highways acts etc, are to be obtained prior to commencement of works.
 - C4. All works are to be inspected by the Engineer, L.A. as applicable.
 - C5. All soft / hard paved areas affected by the works shall be fully reinstated upon completion of the works, all surface markings damaged by the works shall be fully reinstated.
 - C6. The contractor shall make adequate provision for dealing with and disposing of ground / surface water encountered during excavations.
 - C7. All surplus excavated material to be removed to tip off-site unless notified otherwise.
