Subject: PR1985 CenturyLink Network- Proposed Network Rail (London to Corby) (Land Acquisition, Level Crossing and Bridge Works) OrderNotice No- 2200093/1A
Attachments: Network drawings.zip

Sir/Madame

We have received notification of a proposed London to Corby works Order. CenturyLink and its incumbent companies, own live assets in the area of the development on Network Rail land/infrastructure, as per the attached.

CenturyLink has installed fibre optic cables on the railway infrastructure throughout the United Kingdom, within the Concrete Trough Route next to the running train line under the provision of the Network Rail PLC (Network Rail) Deed of Grant dated 31 March 1995 and valid for 125 years. CenturyLink has leased from Network Rail, telecommunications cabling lying alongside the railway track throughout the United Kingdom, under a Financed Lease Agreement dated 30 June 1995.

Whilst we do not object to the works please note that we require unhindered access to our asset at all times. Should our asset on Network Rail or TOC owned land, within the Network Rail infrastructure/boundary require moving a request should be sent to peter.walton@level3.com
Any works that are in the immediate vicinity of our asset, but no contact will be made with our asset (exposing of ducts or excavation works in the public highway or works in trough route or excavation works next to trough route in Network rail land) then please advise peter.walton@level3.com so a HAZCON can be raised.

Kind Regards,

Lloyd Squires
