

**Notes**

The ZTV shown is an indication of the area, up to a distance of 3km from the centreline, within which the new section of motorway between South Wales to London Mainline (new Duffryn Railway Underbridge) across Wentlooge Levels to south of Docks may be visible.

The ZTV is based on a 2 metre resolution Digital Surface Model (DSM). The DSM contains the surface detail of vegetation and buildings.

A height of 4.35m has been added to the proposed alignment elevation to simulate the average height of HGV traffic Above Ordnance Datum (AOD).

**Legend**

- Proposed alignment of new section of motorway
- Section of analysis - South Wales to London Mainline (new Duffryn Railway Underbridge) across Wentlooge Levels to south of Docks
- Indicative extent of surrounding Digital Surface Model from which views to the proposed new section of motorway may be visible
