Dear Sir,

Please find my letter of objection attached.

Thank you.

Penny

Dear Mr Grayling,

RE: Proposed Compulsory Purchase of Land by RVR

I write to forcibly object to the proposed compulsory purchase of land by RVR. Indeed I cannot believe it has come to this point before someone has had some sensible thought and stopped the proceedings.

Robertsbridge town is busy enough as it currently stands, without having hundreds of additional visitors. There would not be enough car parking to cope with these additional visitors for a start, not to mention the pollution that this railway would potentially cause and likely congestion to the Village.

As I'm sure you are aware, the A21 has various stretches that are already extremely dangerous. To think of adding another 3 level crossings, one of which would cross the A21, seems lunacy.

Finally, Moat Farm is one of the privately owned farms which RVR are proposing to bulldoze through. This farm is an extremely special place. From the ancient orchards and natural wildlife to the quiet meadow and woodland habitats - this farm is an outstanding beauty which is farmed with a great deal of love. To have a railway ripping through it would be heartbreaking.

What a mess this is. Hopefully enough people will have objected to get this thrown out.

Kind regards,

Penny

Penny Seymour
