Dear Sir or Madam,

I am sending this email to register my opposition to the Rother Valley Railway application for a Transport and Works Act and the compulsory purchase of land.

I am most concerned about the disruption to traffic on the A21 road. This road is already very busy and needs no extra delays on tedious journeys.

I am also concerned about the effect on the little settlement of Robertsbridge and the threat to its infrastructure and flooding risk.

As far as I can make out this is just a scheme to benefit a few steam train fanatics at the expense of everyone else. I believe that it should be stopped now.

Yours faithfully,

Felicity Parker
