Subject: No Roberstsbridge Valley Railway Entry!

The aforementioned Robertsbridge Valley Railway will destroy the wonderful AONB that we can still enjoy in this part of the country. This will destroy our nature with all the pollution being forced through their homes, not to mention people's livelihoods and homes!!

There is no use for this railway! It exists as it is and is useful as that, why does another cost that is not useful but detrimental to families and business's need to even be considered?? This cost doesn't seem justified in helping the community in anyway.

I object to this railway going ahead!

Mrs Matilda Burkinshaw

Yours sincerely
Matilda Burkinshaw
