I write to oppose the planned works in Robertsbridge; "Rother Valley Railway (Bodiam to Robertsbridge Junction) Order)".

I regularly work in Peasmarch and the surrounding area.

The loss of habitat that would be incurred is unjustifiable.

The increased pollution that would be associated with the work and the subsequent use of the steam train is unacceptable.

We're supposed to be more educated and aware of how we're killing our nature and our planet!! We're supposed to be working together to maintain and preserve it, not destroy it for convenience!!

This work will directly impact endangered wildlife, the surrounding countryside and the the surrounding communities.

I strongly oppose the "Rother Valley Railway (Bodiam to Robertsbridge Junction) Order)".
