Dear Colleague,

Is this of any interest to Mr Clark or BEIS?

Kind regards,

David

Dear Sir

As I am sure you are aware the Rother Valley Railway are looking to join a link of railway for a steam train which will see 3 new level crossing in place. One of these will be on the A 21 at Robertsbridge. I am shocked and worried that this could even be considered on this road. I know both yourself and Amber Rudd expressed concerns in the planning application for this railway .

A compulsory purchase order is about to be issued to two working farms in Salehurst and Robertsbridge-both of them in a Valley which is in a AONB and a floodplain- for this non essential railway to take place.

I fear a level crossing on this road will interfere with the heavy flow of traffic , especially at peak times and undo any hard work done to improve the efficiency of this road, now and in the future.

I desperately seek your opinion on this pressing matter. Your sincerely, Joanna Hoad
