I am writing to you with strong objection to the the Rother valley railway line plans.  
I am a resident of and have two major concerns.

There are flooding risks associated with it as well as the flow of traffic being slowed, undoing all the work than has been done expanding the a21.

On top of this I find the compulsory purchase of agricultural land both unjust and uncalled for.

I find it ludicrous that something as non essential as this could even be considered.

Hope that you will see fit to do the right thing by your constituents and not be blighted by the many complaints that will follow in years to come.
