Subject: Rother Valley Railway plans

Dear Chris,

As a relatively new resident to who has fallen in love with this area of East Sussex, I was extremely disheartened to hear about the Rother Valley Railway's plans for a new Steam railway.

This will impact the area significantly causing massive disruption to our infamous area of outstanding natural beauty as well as destroying a significant number of natural habitats. Not only this but the additional upset of causing chaos to the a21 with the potential addition of a level crossing.

This seems to be a money making scheme with no real benefit to the local community. How does filling the pockets of the Rother Railway bring any real justification to this plan?

Please help to save our beautiful area and retain the landscape by putting a stop to these plans motivated by economical greed.

Kind regards,
Katie Dunn.
