Rother Valley Railway(Bodiam to Robertsbridge junction)Order

Dear Minister

As a farmer in the locality of
grounds:

I write to object very strongly to the above on the following

1. We live in a rapidly over crowding corner of the South East. The A21 can often have bottle necks and the proposal for 3 level crossings will cause many delays.
2. There has been serious flooding in Robertsbridge in the past and this could create a new problem.
3. Where will the car parking be for all the people who will use the line?
4. Environmental damage to a special area of ONB.

With Kind Regards,
Henry Grissell
