artery into this area, it's already congested and dangerous. A level crossing on it is simply ludicrous or at worse
reckless and dangerous. It will be a matter of time before there is a serious accident.

them. They stamp all over small self builds that improving the area, and are supported by the government. Then
approve a railway extension that is not desired locally, that is not part of our heritage, it was only there for a few
decades, is in an AONB and a Water meadow, not to mention causing disruption to several farms and businesses
and threatening potential compulsory purchase orders? It's just wrong in every way and Rother need investigation.
