Subject: A21 proposed RVR Crossing

Dear sir / Madam,

I am writing to voice my objection to the proposed A21 RVR Crossing.

As every regular user of this road i find it incomprehensible that the governing body in the county of East Sussex or even central government would spend millions of pounds of taxpayers money improving road links from the coast into London and then put a crossing across the road 20 miles away from the improved roadway.

Despite RVR's comments that the crossing will not have much impact,

there will still be an impact!

The current railway network seems adequate for the residents and businesses in the area.

What benefit is there to the area by providing this crossing? None that os of interest to the majority of people who have been asked.

Please ensure my objection to this project is noted.

Yours sincerely

Richard D Keel
