Subject: A21. RVR

As my original email states I strongly object to the railway going across A21 and R2244 and also cutting farms in half. My name and address..... Jacqueline Mynard

address

I strongly object to the proposed continuation of the the RVR , I think the three crossings required is out of proportion to the gains. This is not a necessary continuation, it is just for enthusiasts and tourists. Surely the main users of the A21, business users, social users have more reason to keep the A21 and the B2244 free from gated crossings. The inconvenience caused to the many more users is surely more important than the interests of RVR. There is also the fact that the railway will cut two farms in half.
