The Transport and Works Act 1992
RVR (Bodiam to Robertsbridge Junction) Order

Dear Sir

I wish to support the application by Rother Valley Railway Ltd for a TWA Order because:

it will enable visitors to travel throughout by train to Bodiam Castle and Tenterden. Road access to Bodiam especially is poor and dangerous. It will also bring economic benefits to the area by improved access and will create some additional paid employment and volunteer posts. Railways provide 'corridors' for wildlife to move about and reinstatement of the railway from Robertsbridge will enhance this. The existing section of the Kent & East Sussex Railway has greatly benefitted the area already and completing the through route to Robertsbridge again will further enhance the area. The need for a level crossing over the A21 will cause minimal delays to traffic on that road and may even assist local residents to access the road more safely. Tourism is important to E. Sussex.
