The transport and Works Act 1992
RVR (Bodiam to Robertsbridge junction) Order

Dear Sir,

I wish to support the application by Rother Valley Railway Ltd for a TWA Order because I feel that it would encourage an increase in tourism with the consequent revenue stream to the area.

By enhancing the utilisation of existing installations, the proposed connection will give the opportunity to the community and wider business sector. A chance of building not just a cultural heritage environment, but also an employment opportunity for the various links along the route.

The linking of existing tourist attractions will give people like myself and our families a way of demonstrating not just our skills. It will also be an educational environment about nature and its interaction with country life.

Yours Faithfully

Graham Moody BA(hons)
