Subject:

Rother Valley Railway (Bodiam to Robertsbridge Junction) Order

We are writing to support the application to re-connect the railway between Bodiam & Robertsbridge for the following reasons.

1. There will be an economic benefit for the local area.
2. Local tourist attractions will benefit from rail access from both Hastings and London
3. No public money will be needed as the project is being privately financed.
4. Rother Valley Railway have already reconstructed track at the Bodiam end and also at the Robertsbridge end and have created a station adjacent to Network Rail main line.
5. A protected wild life corridor will be created where the embankment was removed.
