Subject: Rother Valley Railway (Bodiam to Robertsbridge Junction) Order

Dear sir,

I am writing in support of the Rother Valley Railway's proposal to rebuild the Railway line from Robertsbridge to Bodiam. This will allow trains to run through to Tenterden.

I travel from to Tenterden several times a year and having the link re-instated will make my journeys much easier and therefore I will do them more often. I stay a few days in the area and therefore contribute to the local tourism economy. Many other people will also do this.

I know some people who are now elderly and less willing to drive who live in Tenterden and will, when the line re-opens, be able to travel by rail.

I therefore support the proposal for the line.

Yours sincerely,

Ian Legg
