Dear Mr Grayling

I am writing in support of the reinstatement of the railway. I have no connection with the railways so I am not biased. It will have a benefit to tourism create a some local jobs. I myself would use the link for a day out as opposed to driving. The current proposal gets my full support. I travel along the A21 regular normally outside peak hours. I do not see a level crossing being a major problem, as long as its runs only outside peak hours and efficiently operated so the traffic is stopped for the minimum time.
