

To Secretary of State for transport  
Re Rother Valley Railway above Application.

I am a resident of \_\_\_\_\_ and consider the extension of the railway line from Robertsbridge to Bodum , and on to Tenterden to be economically vital given the current decline in retail business in this rural region.

We also need the visitors , from London (via Robertsbridge) and elsewhere to come by railway or other public transport sine we have a serious car parking problem in the towns in this area.

kind regards  
John Martin
