**Subject:** Rother valley railway (Bodiam to Robertsbridge order)

Dear sirs,

I write in support of the above scheme, which I feel will bring additional prosperity to the district while substantially reducing the number of visitors arriving by car.

I don't see anything dangerous about building one new level crossing & reinstating two old ones, as the risk factor lies in the speed of main line rail traffic, not relevant to a line operated under a light railway order.

It's also possible that the scheme will bring a few much-needed jobs to the area.

This project has been known about for many years, & the objectors will have had ample opportunity to express their objections at the appropriate time.

I urge you to give your support to this unique railway.

Sincerely,

Chris Meachen,
