

Appendix 3

Pedestrian beside B1113 on the relevant section of the proposed diverted route near the point where the diversion route joins the B1113.

Note that the “National Speed Limit” applies here. Note the width of the road surface, the bank beside the footpath and the width of the footpath. Notice how the HGV has blown the pedestrians hair, and the approaching HGV.

Another HGV passing. Note the position the lorry has taken with respect to the solid white line.

View of the B1113 looking North West towards Needham Market with the proposed diversion route on the right. Notice how the road narrows as it approaches the blind hill crest, with the sign warning of the turning to the left. The wide section of relatively wide pavement ends near the crest of the hill, right at the point where traffic is dealing with the crest of a hill, a narrowing road surface and a side turning
