**Subject:** RE: Suffolk Level Crossing Reduction PI

Brenda,

For the point about Mr Edwards, Network Rail has checked all avenues of correspondence including the consultation documents and has found no record of his 2016 email. Network Rail was not intending to respond directly to Mr Edwards as we have not had any correspondence from him before, but if the Inspector would like a formal response to be put into the inquiry when we return to the inquiry session for the Weatherby crossing this can be done. As Forest Heath District Council has put his email in evidence, Network Rail does not feel it necessary for Mr Edwards to appear before the inquiry and would object to his request to appear.

Regards  
Helena
