

TRANSPORT AND WORKS ACT 1992

THE NETWORK RAIL (SUFFOLK LEVEL CROSSING REDUCTION) ORDER (“THE ORDER”) INQUIRY

NOTE ON FILLED-UP ORDER DATED 6.4.18

1 Background

- 1.1 Network Rail’s application draft Order provided for the closure of a total of 23 level crossings and the redesignation of one crossing within Suffolk.
- 1.2 On Day One of the Inquiry Network Rail submitted a Filled-up Order dated 13.2.18 (**NR-INQ-03a**) and revised sheets of certain of the Order plans (**NR-INQ-03b**). The changes contained in that Order were referred to in paragraph 51 of Network Rail’s Opening Statement (**NR-INQ-02**), which are as follows:
 - (a) the withdrawal of the proposals for crossing S05 Pannington Hall;
 - (b) The withdrawal of proposed powers over plot 5 in the Parish of Finningham (S16 Gislingham) and over plot 26 in the Parish of Elmswell (S30 Lords No.29);
 - (c) The reduction of the extent of the proposed powers over plot 2 in the Parish of Gislingham (S17 Paynes) to mean that Network Rail is only seeking a right of access over the extent of Coldham Lane that is not publically maintainable by the highway authority;
 - (d) The withdrawal of plot 7 in the Parish of Mellis (S21 Abbots);
 - (e) The withdrawal of plot 25 in the Parish of Elmswell (S30 Lords No 29);
 - (f) Amendment to Schedules 2, 3, 4 & 5 to reflect the re-designation of existing highway to bridleway as opposed to creation of a new PROW at S25 Cattishall;
 - (g) Amendments to articles 19-21 and related Schedules, in light of changes to the compulsory purchase legislation contained within the Housing and Planning Act 2016, to reflect the provisions contained within the Network Rail (Buxton Sidings Extension) Order 2017/1150;
 - (h) Amendment to article 33 and Schedule 11 (protective provisions for drainage boards and the Environment Agency) to reflect discussions with the Environment Agency;
 - (i) Insertion of a new sub para (1) to article 27, omitted in error; and
 - (j) Correction of typographical errors / cross references.
- 1.3 Further details on these changes are set out in section 2 below.
- 1.4 This latest version of the filled-up Order (dated 6.4.18) contains the following further amendments:
 - a. deletion of article 25 (set off for enhancement in value of land), due to amendments in the Neighbourhood Planning Act 2017 to the Land Compensation Act 1961 which have come into force rendering the article redundant (and any consequential changes to cross-referencing of articles);

b. Article 16 has been amended so that the start date for the six-month claim period for compensation as a result of a new public right of way coming into use runs for six months from the date of the new right of way is brought into operation; and

c. a change in the explanatory Note to the Order as to the location for public inspection of the Order Plans and Book of Reference referred to in the Order.

1.5 Further explanation on these amendments is contained in section 2.

1.6 To assist the inquiry, section 3 of this note also sets out further potential changes to the draft Order which Network Rail may make prior to the close of the inquiry.

2 Changes to Filled-Up Order

Consequential amendments on withdrawal of certain crossings and plots

2.1 As set out in Network Rail's note on the Inquiry website relating to the reduced scope of the inquiry, in the interests of fairness and natural justice related to those with an interest in land which was the subject of late notices and in order to allow the inquiry to proceed, Network Rail wrote to the Secretary of State on 30 November 2017 and confirmed it would remove one crossing and a number of plots of land from the scope of the Order. In addition Network Rail has also removed powers over plot 25 in the Parish of Elmswell as it has established that the land is in fact public highway and therefore rights of access are not needed.

2.2 The resulting changes to the Order are therefore as follows:

S05 Pannington Hall

Network Rail has withdrawn this crossing in its entirety from the draft Order, as reflected in the changes in relation to the District of Babergh, Parish of Whersted entries in Schedule 1 (relating to Work No. 4 (Footbridge)); Schedule 2, Part 1 (relating to the stopping up of the crossing and extinguishment and creation of existing highway (footpath); Schedules 4 and 5 (in relation to the associated temporary occupation and use of land or acquisition of rights in land) and Schedules 7 and 8 (in relation to the temporary stopping up of public highway and for street works in The Street).

S16 Gislingham

Network Rail has withdrawn the proposed powers over plot 05 in the Parish of Finningham in Schedule 4.

S17 Paynes

Network Rail is now seeking powers over the extent of Coldham Lane that is not publically maintainable by the Highway Authority (plot 02 in the Parish of Gislingham). There are no changes to the Order itself but the extent of plot 2 has been reduced in the revised sheet 24 submitted as part of **(NR-INQ-03b)**.

S21 Abbots

Network Rail has withdrawn powers over Plot 7 in the Parish of Mellis as reflected in the changes to Schedule 4 to the draft Order.

S30 Lords No. 29

Network Rail has withdrawn the proposed powers over plots 25 and 26 in the Parish of Elmswell as reflected in the changes to Schedule 4 (re plot 25) and Schedule 5 (re plot 26) to the draft Order.

- 2.3 Consequential changes have been made to sheets 14, 22, 24 and 26 of the Order plans to reflect the above changes to the draft Order for, S30, S16, S17 and S21 respectively, and formed part of **(NR-INQ-03b)**.

Amendments arising as a result of communication with the Highway Authority (Suffolk County Council)

- 2.4 Since the Order was applied for, Suffolk County Council ("SCC") has confirmed in its objection letter dated 3 May 2017 that in relation to S25 Cattishall, plot 1 in the District of St Edmundsbury, Parish of Bury St Edmunds (as shown on the original Sheet 10 of the Order plans) is designated as public highway, specifically as footway/cycleway.
- 2.5 Consequently the land that previously formed plot 1 in the Parish of Bury St Edmunds is publically accessible and Network Rail does not need to seek powers of access or temporary possession over it. References to plot 1 in the District of St Edmundsbury, Parish of Bury St Edmunds have therefore been removed from Schedules 4 and 5. Furthermore, as it is designated public highway, the land is required only to be redesignated, from footway/cycleway to a bridleway.
- 2.6 Network Rail has therefore amended the draft Order and revised sheet 10 of the Order plans to reflect this by removal of references to plot 1 in the District of St Edmundsbury, Parish of Bury St Edmunds and insertion of a new "P" point on revised sheet 10, P022A, to denote the end of the extent of the footway/cycleway and the beginning of the new bridleway. Schedule 2, Part 1 has been amended to reflect the creation of new bridleway between points P020, P021 and the new point P022A. Schedule 3 now includes the redesignation of the existing footway/cycleway in the District of St Edmundsbury, Parish of Bury St Edmunds to become bridleway between points P022 and P022A.
- 2.7 Sheet 10 of the Order plans has been amended accordingly and the revised sheet 10 forms part of **(NR-INQ-03b)**.

Amendment to compensation provisions

- 2.9 Article 16 has been amended so that the start date for the six-month claim period for compensation for loss or damage suffered as a result of a new public right of way coming into use does not run for 6 months from the date of the Order being made, as under section 28 of the Highways Act 1980, but rather runs for 6 months from the date of the new public right of way is brought into operation. This practical change will mean that compensation claims can be made based on actual rather than presumed or hypothetical loss, given that under article 26 of the Order (time limit for exercise of powers of acquisition) Network Rail has five years in which to exercise compulsory acquisition powers and a limited number of the proposed new public rights of way are therefore likely to be completed within the first six months of the Order coming into force.

Changes to Compulsory Purchase legislation as a result of the Housing and Planning Act 2016 and the Neighbourhood Planning Act 2017

- 2.10 Provisions in the Housing and Planning Act 2016 ("the 2016 Act") and the Neighbourhood Planning Act 2017 have made substantial amendments to compulsory purchase legislation including the Land Compensation Act 1961, the Compulsory Purchase Act 1965, the Compulsory Purchase (Vesting Declarations) Act 1981 and the Acquisition of Land Act 1981 which are referred to and, in respect of certain provisions, modified in their application in the Order. Network Rail's draft Order as applied for, took account of the amendments, particularly in articles 19 to 21 of and Schedule 10 to the draft Order.

- 2.11 However, it is only since the draft Order was submitted that TWAOs have been made that indicate how the Department for Transport wishes promoters of TWAOs to address the modifications made to compulsory purchase legislation. The draft Order has therefore been further amended to follow the changes adopted in the Network Rail (Buxton Sidings Extension) Order 2017 (S.I. 2017/1150), as appropriate and as set out below in more detail:

Article 19 (Application of Part 1 of the 1965 Act)

The 2016 Act added a new section 4A to the Compulsory Purchase Act 1965 ('the 1965 Act') concerning the extension of the time limit for exercise of compulsory purchase powers and acquisition where a challenge has been made to the High Court in respect of a compulsory purchase order. The draft Order has been revised to incorporate this provision of the 1965 Act, with the necessary modifications to account for the Order being made under the Transport and Works Act 1992 rather than the Compulsory Purchase Act 1965.

Article 20 (Application of the 1981 Act)

The draft Order has been revised to make consequential changes to section 5B of the 1981 Act as amended by the 2016 Act to maintain consistency with other provisions of the Order. Again these provisions reflect the practice in other recent draft TWA orders.

Schedule 10 (Modification of compensation and compulsory purchase enactments for creation of new rights)

This Schedule has been amended for consistency with the approach taken in the Buxton Sidings Order.

Deletion of article 25 (set off for enhancement in value of land)

- 2.12 Amendments in the Neighbourhood Planning Act 2017 have come into force which insert new provisions into the Land Compensation Act 1961 including a new section 6B (Lower compensation if other land gains value). Section 6B has the same effect as article 25 and as the Order provides for Part 1 of the 1961 Act (including article 6B) to apply in relation to claims for compensation, article 25 is no longer needed and is therefore deleted. (The Order then addresses any consequential changes to cross-referencing of articles).

Time limit for exercise of powers of acquisition

- 2.13 Paragraph (1) of this article as it appears in the Transport and Works (Model Clauses for Railways and Tramways) Order 2006/1954 model clause was inadvertently missed from the Order as applied for and has therefore been included in the filled-up Order.

Schedule 11 (Protection of drainage authorities and the Environment Agency)

- 2.14 Network Rail and the Environment Agency have been in negotiation regarding the protective provisions for drainage authorities and the Agency and the changes included in article 33 and Schedule 11 reflect the changes agreed between the parties and referenced in the letter from the Environment Agency to the Inspector dated 9 February 2018 and Network Rail's related note (**NR-INQ-35**).

3 Further potential changes to the Order

- 3.1 In addition to the changes already submitted to the Order, Network Rail anticipates further potential changes to the Order or accompanying plans as follows:

(a) S07 Broomfield

Following communication with SCC, it became clear that Footpath 11 at S07 Broomfield shown on Sheet 28 is in fact a permissive path, and the path shown on the Definitive Map and Statement (DMS) is no longer accessible as it goes through a lake. The relevant landowner at S07 has also recently changed. Network Rail is in negotiations with the landowner and as a result Network Rail may make consequential amendments to the Order and submit an amended Sheet 28.

(b) S69 Bacton

Subject to formal agreement with the landowners in relation to land at Bacton United Football Club Network Rail will amend Sheet 20 to show a revised access route for Network Rail which also enables the football club to continue its activities with minimal interruption.

(c) Further potential changes

(i) Network Rail is also currently in discussions with a landowner at a crossing regarding a change to access rights across their land. If the terms are agreed, Network Rail will submit the agreed amendments to the Order and relevant plans.

(ii) SCC raised at paragraph 31 of Mr Kerr's proof of evidence that "some of the alignments (S02 (Brantham High Bridge), S11 (Leggetts), S12 (Gooderhams), S13 (Fords Green), S27 (Barrells), S31 (Mutton Hall)) depicted on the Order Plans do not strictly accord with the legal record shown on the DM." Mott MacDonald as Network Rail's representative is working with SCC to understand the cause of these potential discrepancies, and it is possible that amended plans will be submitted as a result.

(iii) Network Rail will also consider any further amendments necessary in light of proposed modifications submitted by other parties to this inquiry.

(3) Network Rail must restore to the reasonable satisfaction of the street authority any street which has been temporarily altered under this article.

(4) The powers conferred by paragraph (2) are not to be exercised without the consent of the street authority, but such consent must not be unreasonably withheld.

(5) If within 28 days of receiving an application for consent under paragraph (4) a street authority fails to notify Network Rail of its decision or refuses consent without giving any grounds for its refusal that street authority is deemed to have granted consent.

Power to execute street works

8.—(1) Network Rail may, for the purposes of the authorised works, enter on any of the streets specified in Schedule 7 (streets subject to street works) as are within the Order limits to the extent necessary and may—

- (b) place apparatus in the street;
- (c) maintain apparatus in the street or change its position; and
- (d) execute any works required for or incidental to any works referred to in sub-paragraphs (a), (b) and (c).

- (b) the path not on the definitive map between points P056, P057A and P057

are stopped up and all public rights of way between those points are extinguished.

Temporary stopping up of streets

10.—(1) Network Rail, during and for the purposes of the execution of the authorised works, may temporarily stop up, alter or divert any street and may for any reasonable time—

- (a) divert the traffic from the street; and
- (b) subject to paragraph (3), prevent all persons from passing along the street.

(2) Without limitation on the scope of paragraph (1), Network Rail may use any street stopped up under the powers conferred by this article within the Order limits as a temporary working site.

(3) Network Rail must provide reasonable access for pedestrians going to or from premises abutting on a street affected by the temporary stopping up, alteration or diversion of a street under this article if there would otherwise be no such access.

(4) Without limitation on the scope of paragraph (1), Network Rail may temporarily stop up, alter or divert the streets specified in columns (1) and (2) of Schedule 8 (streets to be temporarily stopped up) to the extent specified in column (3) of that Schedule.

(5) Network Rail must not exercise the powers conferred by this article—

- (a) in relation to any street specified as mentioned in paragraph (4) without first consulting the street authority; and
- (b) in relation to any other street without the consent of the street authority which may attach reasonable conditions to any consent, but such consent must not be unreasonably withheld.

(7) If within 28 days of receiving an application for consent under paragraph (5)(b) a street authority fails to notify Network Rail of its decision or refuses consent without giving any grounds for its refusal that street authority is deemed to have granted consent.

Construction and maintenance of new or altered streets

11.—(1) This article applies to streets which are not a byway open to all traffic, bridleway or footpath.

(2) Any street to be constructed or altered under this Order must be completed to the reasonable satisfaction of the highway authority and, unless otherwise agreed between Network Rail and the

highway authority, must be maintained by and at the expense of Network Rail for a period of 12 months from its completion and from the expiry of that period by and at the expense of the highway authority.

(3) Where a street is altered or diverted under this Order, the altered or diverted part of the street must, when completed to the reasonable satisfaction of the street authority, unless otherwise agreed with the street authority, be maintained by and at the expense of Network Rail for a period of 12 months from its completion and from the expiry of that period by and at the expense of the street authority.

(4) Paragraphs (2) and (3) do not apply in relation to the structure of any bridge or tunnel carrying a street over or under any railway of Network Rail and except as provided in those paragraphs Network Rail is not liable to maintain the surface of any street under or over which the scheduled works are constructed, or the immediate approaches to any such street.

(5) In any action against Network Rail in respect of loss or damage resulting from any failure by it to maintain a street under this article, it is a defence (without affecting any other defence or the application of the law relating to contributory negligence) to prove that Network Rail had taken such care as in all the circumstances was reasonably required to secure that the part of the street to which the action relates was not dangerous to traffic.

(6) For the purposes of a defence under paragraph (5), the court must in particular have regard to the following matters—

- (a) the character of the street and the traffic which was reasonably to be expected to use it;
- (b) the standard of maintenance appropriate for a street of that character and used by such traffic;
- (c) the state of repair in which a reasonable person would have expected to find the street;
- (d) whether Network Rail knew, or could reasonably have been expected to know, that the condition of the part of the street to which the action relates was likely to cause danger to users of the street; and
- (e) where Network Rail could not reasonably have been expected to repair that part of the street before the cause of action arose, what warning notices of its condition had been displayed,

but for the purposes of such a defence it is not relevant to prove that Network Rail had arranged for a competent person to carry out or supervise the maintenance of the part of the street to which the action relates unless it is also proved that Network Rail had given the competent person proper instructions with regard to the maintenance of the street and that the competent person had carried out those instructions.

(7) Nothing in this article—

- (a) affects the operation of section 87 (prospectively maintainable highways) of the 1991 Act; and Network Rail is not by reason of any duty under this article to maintain a street to be taken to be a street authority in relation to that street for the purposes of Part 3 of that Act; or
- (b) has effect in relation to the street works with regard to which the provisions of Part 3 of the 1991 Act apply.

Access to works

12.—(1) Network Rail may, for the purposes of the authorised works—

- (a) form and lay out means of access, or improve existing means of access, in the locations specified in columns (1) and (2) of Schedule 9 (access to works); and
- (b) with the approval of the highway authority, form and lay out such other means of access or improve existing means of access, at such locations within the Order limits as Network Rail reasonably requires for the purposes of the authorised works.

(2) If a highway authority fails to notify Network Rail of its decision within 28 days of receiving an application for approval under paragraph (1)(b), that highway authority is deemed to have granted approval.

Highways subject to redesignation

13.—(1) Subject to the provisions of this article, the highway specified in column (2) of Schedule 3 (redesignation of highways), on the completion of the authorised works relevant to that highway, ceases to be a highway of the description specified on the definitive map and statement as specified in column (3) and is to be designated as a highway as described in column (4) of Schedule 3.

(2) Where a highway has been redesignated, the redesignation is to have effect as if that highway had been stopped up and immediately redesignated as described in column (4) of Schedule 3.

(3) Expressions used in this article and the Wildlife and Countryside Act 1981(a) have the same meaning in this article as in that Act.

Closure of level crossings subject to opening of new rights of way

14.—(1) Subject to paragraphs (3) and (5), the level crossings specified in column (2) of Part 1 of Schedule 2 (closure of level crossings) are stopped-up and discontinued.

(2) Subject to paragraphs (3) and (5), upon the stopping up and discontinuance of the level crossings referred to in paragraph (1)—

(a) any rights of way over those crossings are extinguished to the extent specified in column (2) of Part 1 of Schedule 2; and

(b) any public rights of way specified in column (34) of Part 1 of Schedule 2 are extinguished to the extent specified, by reference to the numbers and letters shown on the deposited plans.

(3) Paragraphs (1) and (2) are not to have effect until, in respect of each level crossing in that table, the new highway specified in column (45) has been constructed and completed, to the extent specified by reference to the numbers and letters shown on the deposited plans, to the reasonable satisfaction of the highway authority in accordance with article 16 (creation and maintenance of new highway) and is open for use.

(4) Any person who suffers loss by the suspension or extinguishment of any private right of way under this article is entitled to compensation to be determined, in case of dispute, under Part 1 of the 1961 Act.

(5) This article does not apply so as to extinguish the rights of statutory undertakers.

(2) Upon the stopping up and discontinuance of the level crossings referred to in paragraph (1)—

(a) any rights of way over those crossings are extinguished; and

(b) any public rights of way specified in column (4) of Part 2 of Schedule 2 are extinguished to the extent specified, by reference to the numbers and letters shown on the deposited plans.

(a) 1981 c.69

(3) Any person who suffers loss by the suspension or extinguishment of any private right of way under this article is entitled to compensation to be determined, in case of dispute, under Part 1 of the 1961 Act.

(4) This article does not apply so as to extinguish the rights of statutory undertakers to maintain their apparatus.

Creation and maintenance of new highway

16.—(1) The new highways specified in column (45) of Part 1 of Schedule 2 (closure of level crossings) are to be completed to the reasonable satisfaction of the highway authority and are to be maintained by and at the expense of Network Rail for a period of 12 months from their completion and after the expiry of that period by and at the expense of the highway authority.

(2) On completion of each new highway in accordance with paragraph (1), it is to have the legal status specified in column (45) of Part 1 of Schedule 2.

(3) Section 28 (compensation for loss caused by public path creation order) of the 1980 Act is to apply to each new highway specified in column (54) of Part 1 of Schedule 2 as if that new highway had been created by a public path creation order.

(4) In its application by virtue of paragraph (3), section 28 of the 1980 Act is to have effect with the modifications mentioned in paragraphs (5) to (7):

(5) In sub-section (1), substitute the words “Network Rail” for the words “the authority by whom the Order was made”.

(6) For sub-section (2), substitute—

“(2) A claim for compensation under this section is to be made to Network Rail in writing before the end of the period of 6 months beginning with the day on which the public right of way first becomes exercisable ~~within 6 months from the coming into force of the Network Rail (Suffolk Level Crossing Reduction) Order 201[X](a)~~ and is to be served on Network Rail by delivering it at, or by sending it by pre-paid post to [the registered office of Network Rail Infrastructure Limited].”

(7) Sub-section (3) is omitted.

(8) For the purposes of paragraphs (3) to (7), section 307 (disputes as to compensation which are to be determined by Lands Tribunal and related provisions) of the 1980 Act, in its application to section 28 by virtue of section 307(1), is to have effect as if in sub-section (2) for the words “the authority from whom the compensation in question is claimed”, the words “Network Rail” are substituted.

(9) In any action against Network Rail in respect of loss or damage resulting from any failure by it to maintain the new highway, it is a defence (without affecting any other defence or the application of the law relating to contributory negligence) to prove that Network Rail had taken such care as in all the circumstances was reasonably required to secure that the part of the new highway to which the action relates was not dangerous to traffic.

(10) For the purposes of a defence under paragraph (9), the court must in particular have regard to the following matters—

- (a) the character of the new highway and the traffic which was reasonably to be expected to use it;
- (b) the standard of maintenance appropriate for a highway of that character and used by such traffic;
- (c) the state of repair in which a reasonable person would have expected to find the new highway;

(a) —S.I. 201[X]/[XXXX]

- (d) whether Network Rail knew, or could reasonably have been expected to know, that the condition of the part of the new highway to which the action relates was likely to cause danger to users of the new highway; and
- (e) where Network Rail could not reasonably have been expected to repair that part of the new highway before the cause of action arose, what warning notices of its condition had been displayed,

but for the purposes of such a defence it is not relevant to prove that Network Rail had arranged for a competent person to carry out or supervise the maintenance of the part of the new highway to which the action relates unless it is also proved that Network Rail had given the competent person proper instructions with regard to the maintenance of the new highway and that the competent person had carried out those instructions.

(11) The new highways are to be treated as completed to the satisfaction of the highway authority for the purpose of paragraph (1) if it fails to reply to a request for certification that it is satisfied with the work within 28 days of receiving the request.

(12) Where any highway created under this article passes over a scheduled work, the highway extends to include the scheduled work.

Supplemental Powers

Discharge of water

17.—(1) Network Rail may use any watercourse or any public sewer or drain for the drainage of water in connection with the construction, operation or maintenance of the authorised works and for that purpose may lay down, take up and alter pipes and may, on any land within the Order limits, make openings into, and connections with, the watercourse, public sewer or drain.

(2) Any dispute arising from the making of connections to or the use of a public sewer or drain by Network Rail under paragraph (1) is to be determined as if it were a dispute under section 106 (right to communicate with public sewers) of the Water Industry Act 1991(a).

(3) Network Rail must not discharge any water into any watercourse, public sewer or drain except with the consent of the person to whom it belongs; and such consent may be given subject to such terms and conditions as that person may reasonably impose, but must not be unreasonably withheld.

(4) Network Rail must not make any opening into any public sewer or drain except—

- (a) in accordance with plans approved by the person to whom the sewer or drain belongs, but such approval must not be unreasonably withheld; and
- (b) where that person has been given the opportunity to supervise the making of the opening.

(5) Network Rail must not, in the exercise of the powers conferred by this article, damage or interfere with the bed or banks of any watercourse forming part of a main river.

(7) Nothing in this article overrides the requirement for an environmental permit under regulation 12(1)(b) of the Environmental Permitting (England and Wales) Regulations 2016(b).

(8) If a person who receives an application for consent or approval fails to notify Network Rail of a decision within 28 days of receiving an application for consent under paragraph (3) or approval under paragraph (4)(a) that person is deemed to have granted consent or given approval, as the case may be.

(9) In this article—

(a) 1991 c. 56. Section 106 was amended by sections 35(1) and (8) and 43(2) of, and Schedule 2 to, the Competition and Service (Utilities) Act 1992 (c. 43), sections 36(2) and 99 of the Water Act 2003 (c. 37) and paragraph 16(1) of Schedule 3 to the Flood and Water Management Act 2010 (c. 29).

- (b) that it is reasonable to use force in the exercise of that power.

(5) The force that may be authorised by the warrant is limited to that which is reasonably necessary.

(6) A warrant authorising the person to use force must specify the number of occasions on which Network Rail can rely on the warrant when entering and surveying or valuing land.

(7) The number specified must be the number which the justice of the peace considers appropriate to achieve the purpose for which the entry and survey or valuation are required.

(7) Any dispute as to a person's entitlement to compensation under paragraph (6), or as to the amount of the compensation, is to be determined under Part 1 of the 1961 Act.

(8) Without affecting article 3~~3~~⁴ (no double recovery), nothing in this article affects any liability to pay compensation under section 10(2) (further provision as to compensation for injurious affection) of the 1965 Act or under any other enactment in respect of loss or damage arising from the execution of any works, other than loss or damage for which compensation is payable under paragraph (6).

(9) Where Network Rail takes possession of land under this article, it is not required to acquire the land or any interest in it.

Compensation

Disregard of certain interests and improvements

24.—(1) In assessing the compensation payable to any person on the acquisition from that person of any land under this Order, the tribunal must not take into account—

- (a) any interest in land; or
- (b) any enhancement of the value of any interest in land by reason of any building erected, works executed or improvement or alteration made on relevant land,

if the tribunal is satisfied that the creation of the interest, the erection of the building, the execution of the works or the making of the improvement or alteration was not reasonably necessary and was undertaken with a view to obtaining compensation or increased compensation.

(2) In paragraph (1) “relevant land” means the land acquired from the person concerned or any other land with which he is, or was at the time when the building was erected, the works executed or the improvement or alteration made, directly or indirectly concerned.

Set-off for enhancement in value of retained land

~~**25.**—In assessing the compensation payable to any person in respect of the acquisition from that person under this Order of any land (including the subsoil) the tribunal must set off against the value of the land so acquired any increase in value of any contiguous or adjacent land belonging to that person in the same capacity which will accrue to that person by reason of the construction of the authorised works.~~

~~(2) In assessing the compensation payable to any person in respect of the acquisition from that person of any new rights over land (including the subsoil), under article **Error! Reference source not found.** (power to acquire new rights), the tribunal must set off against the value of the rights so acquired—~~

- ~~(a) any increase in value of the land over which the new rights are acquired; and~~
- ~~(b) any increase in the value of any contiguous or adjacent land belonging to that person in the same capacity;~~

~~which will accrue to that person by reason of the construction of the authorised works.~~

~~(3) The 1961 Act has effect, subject to paragraphs (1) and (2), as if this Order were a local enactment for the purposes of that Act.~~

Supplementary

Extinction or suspension of private rights of way

~~**26-25.**~~—(1) Subject to the provisions of this article—

- (a) all private rights of way over land of which Network Rail takes temporary possession under this Order are suspended and unenforceable for as long as Network Rail remains in lawful possession; and
- (b) all private rights of way over land subject to the compulsory acquisition of rights under this Order are extinguished in so far as their continuance would be inconsistent with the exercise of the right as from the date of the acquisition of the right by Network Rail,

whether compulsorily or by agreement, or on the date of entry on the land by Network Rail under section 11(1)(a) of the 1965 Act, whichever is the sooner.

(2) Any person who suffers loss by the suspension or extinguishment of any private right of way under this article is entitled to compensation to be determined, in case of dispute, under Part 1 of the 1961 Act.

(3) Paragraph (1) and (2), have effect subject to—

- (a) any notice given by Network Rail before Network Rail's taking temporary possession of the land, that any or all of those paragraphs do not apply to any right of way specified in the notice; and
- (b) any agreement made between Network Rail and the person in or to whom the right of way in question is vested or belongs which makes reference to this article; whether that agreement was made before or after any of the events mentioned in sub-paragraph (a), or before or after the coming into force of this Order.

(4) If any such agreement as is mentioned in sub-paragraph (3)(b) is expressed to have effect also for the benefit of those deriving title from or under the person in or to whom the right of way in question is vested or belongs, it is effective in respect of the persons so deriving title, whether the title was derived before or after the making of the agreement.

Time limit for exercise of powers of acquisition

26. —(1) After the end of the period of 5 years beginning on the day on which this Order comes into force—

- (a) no notice to treat is to be served under Part 1 of the 1965 Act as applied to the acquisition of rights or easements over land by article 19 (application of Part 1 of the 1965 Act); and
- (b) no declaration is to be executed under section 4 (execution of declaration) of the 1981 Act(b) as applied by article 20 (application of the Compulsory Purchase (Vesting Declarations) Act 1981 Act).

(2) The powers conferred by article 21 (power to acquire new rights), article 22 (temporary use of land for construction of works) and article 23 (temporary use of land for maintenance of works) cease at the end of the period of 5 years beginning with the day on which this Order comes into force, except that nothing in this paragraph prevents Network Rail from remaining in possession of land after the end of that period, if the land was entered and possession of it was taken before the end of that period.

PART 4

TRAFFIC SIGNS

Traffic signs

27.—(1) Network Rail may, for the purposes of or in connection with the construction or operation of the authorised works, place or maintain traffic signs on any street within the Order limits, or any other street as reasonably required for conveying information to traffic.

(b) 1981 c. 66.

- (b) unless the traffic authority is unwilling to do so and subject to any directions given under section 65 (powers and duties of traffic authorities as to placing of traffic signs) of the 1984 Act, must enter into arrangements with the traffic authority for any such signs to be placed and maintained by the traffic authority.

(3) Any power conferred by section 65 of the 1984 Act to give directions to a traffic authority or local traffic authority as to traffic signs includes a power to give directions to Network Rail as to traffic signs under this article; and, accordingly, the powers conferred by paragraph (1) are exercisable subject to and in conformity with any directions given under that section.

(4) Expressions used in this article and in the 1984 Act have the same meaning in this article as in that Act.

PART 5

MISCELLANEOUS AND GENERAL

(5) Where a notice or other document required to be served or sent for the purposes of this Order is served or sent by electronic transmission, the requirement is taken to be fulfilled where the recipient of the notice or other document to be transmitted has given consent to the use of electronic transmission either in writing or by electronic transmission.

(6) Where the recipient of a notice or other document served or sent by electronic transmission notifies the sender within 7 days of receipt that the recipient requires a paper copy of all or any part of that notice or other document, the sender must provide such a copy as soon as reasonably practicable.

(7) Any consent to the use of electronic transmission given by a person may be revoked by that person in accordance with paragraph (8).

(8) Where a person is no longer willing to accept the use of electronic transmission for any of the purposes of this Order—

(a) that person must give notice in writing or by electronic transmission revoking any consent given by that person for that purpose; and

(b) such revocation is final and takes effect on a date specified by the person in the notice but that date must not be less than 7 days after the date on which the notice is given.

1. The enactments for the time being in force with respect to compensation for the compulsory purchase of land apply, with the necessary modifications as respects compensation, in the case of a compulsory acquisition under this Order of a right by the creation of a new right, as they apply as respects compensation on the compulsory purchase of land and interests in land.

2.—(1) Without limitation on the scope of paragraph 1, the 1961 Act has effect subject to the following modification set out in sub-paragraph (2).

(2) For section 5A (5A) of the 1961 Act (relevant valuation date), substitute—

“(5A) If—

(a) the acquiring authority enters on land for the purpose of exercising a right in pursuance of a notice of entry under section 11(1) of the 1965 Act (as modified by paragraph 5(5) of Schedule 10 to the Network Rail (Suffolk Level Crossing Reduction) Order 201[X] (“the 201[X] Order”;

(b) the acquiring authority is subsequently required by a determination under paragraph 12 of Schedule 2A to the 1965 Act (as substituted by paragraph 5(8) of Schedule 10 to the Network Rail (Suffolk Level Crossing Reduction) Order 201[X]) to acquire an interest in the land, and

(c) the acquiring authority enters on and takes possession of that land,

the authority is deemed for the purposes of subsection (3)(a) to have entered on that land when it entered on that land for the purpose of exercising that right.”

35.3.—(1) Without limitation on the scope of paragraph 1, the Land Compensation Act 1973(a) has effect subject to the modifications set out in sub-paragraph (2).

(2) In section 44(1) (compensation for injurious affection), as it applies to compensation for injurious affection under section 7 (measure of compensation in case of severance) of the 1965 Act as substituted by paragraph 5(3)—

(a) for the words “land is acquired or taken” substitute “a right over land is purchased”; and

(b) for the words “acquired or taken from him” substitute “over which the right is exercisable”

(a) 1973 c. 26.

Application of Part 1 of the 1965 Act

~~36.4.~~ Part 1 (compulsory purchase under Acquisition of Land Act 1946) of the 1965 Act, as applied by article 19 ~~and the enactments relating to compensation for the compulsory purchase of land,~~ applies to a compulsory acquisition of rights under article 21(1)—

- (b) with such other modifications as may be necessary.

~~37.5.~~—(1) The modifications referred to in paragraph 1(a) are as follows.

(3) For section 7 of the 1965 Act substitute—

“7. Measure of compensation in ~~ease of~~ purchase of new right

In assessing the compensation to be paid by the acquiring authority under this Act, regard shall be had, not only to the extent (if any) to which the value of the land over which the right is acquired is depreciated by the acquisition of the right, but also to the damage (if any) to be sustained by the owner of the land by reason of its severance from other land of the owner, or injuriously affecting that other land by the exercise of the powers conferred by this or the special Act.”

(4) The following provisions of the 1965 Act (which state the effect of a deed poll executed in various circumstances where there is no conveyance by persons with interests in the land)—

- section 9(4) (failure of owners to convey),

- paragraph 2(3) of Schedule 2 (absent and untraced owners), and
- paragraphs 2(3) and 7(2) of Schedule 4 (common land),

(5) Section 11(a) (powers of entry) of the 1965 Act is modified so as to secure that, where the acquiring authority has~~ve~~ served notice to treat in respect of any right as well as the notice required by subsection (1) of that section (as it applies to a compulsory acquisition under article 19(1)), ~~it has~~~~they have~~ power, exercisable in the same circumstances and subject to the same conditions, to enter for the purpose of exercising that right; and sections ~~12~~11A(b) (powers of entry further notices of ~~(penalty for unauthorised entry)~~, 11B(c) (counter-notice requiring possession to be taken on a specified date), 12(d) (penalty for unauthorised entry) and 13(e) (entry on enforcement officer's or sheriff's warrant in the event of obstruction)~~refusal to give possession to acquiring authority~~ of that Act are modified accordingly.

(6) Section 20(f) (tenants at will) of the 1965 Act applies with the modifications necessary to secure that persons with such interests in land as are mentioned in that section are compensated in a manner corresponding to that in which they would be compensated on a compulsory acquisition

- ~~(b) by virtue of paragraph 11(2) or 16(2) of Schedule A1 to the Compulsory Purchase (Vesting Declarations) Act 1981, the declaration has effect as if it included an interest in the land, and~~
- ~~(c) the vesting date for the right is different from the vesting date for the interest in the land.”~~

~~(11) In the Land Compensation Act 1973, for section 44 substitute—~~

~~“44. Compensation for injurious affection~~

~~(1) Where a right over land is acquired from any person for the purpose of works which are to be situated partly on that land and partly elsewhere, compensation for injurious affection of land retained by that person shall be assessed by reference to the whole of the works and not only the part situated on the land over which the right is exercisable.~~

~~(2) In this section, “compensation for injurious affection” means compensation for injurious affection under section 7 or 20 of the Compulsory Purchase Act 1965 as applied by paragraph 1 of Schedule 10 to the Network Rail (Suffolk Level Crossing Reduction) Order 201[X].”~~

~~Compulsory purchase (Vesting Declarations) The 1981 Act 1981 and compensation enactments~~

~~38.6.~~—(1) The 1981 Act, as applied by article 20(1), applies to a compulsory acquisition of a right under article 21(~~power to acquire new rights~~) —

- (a) with the modifications specified in paragraph ~~47~~; and

- (b) the land over which the right is, or is to be, exercisable.

(3) References in the 1981 Act to the 1965 Act are to be read as references to that Act as it applies to a compulsory acquisition of a right under article 21.

(4) Section 8(1) of the 1981 Act (vesting, and right to enter and take possession) is modified so as to secure—

- (a) that a general vesting declaration in respect of any right vests the right in the acquiring authority on the vesting date; and
- (b) that, as from the vesting date, the acquiring authority have power, exercisable in the same circumstances and subject to the same conditions, to enter land for the purpose of exercising that right as if the circumstances mentioned in section 8(1)(a) and (b) of the 1981 Act had arisen.

(5) Section 9(2) of the 1981 Act (right of entry under section 8(1) not exercisable in respect of land subject to certain tenancies, unless notice has been served on occupiers of the land) is modified so as to require a notice served by the appropriate authority under that provision to refer to the authority’s intention to enter land specified in the notice in order to exercise the right.

(6) In section 10(1) of the 1981 Act (acquiring authority’s liability on vesting of land), the reference to the acquiring authority’s taking possession of the land under section 11(1) of the 1965 Act is to be read instead as a reference to the authority’s exercising the power to enter the land under that provision as modified by paragraph ~~25~~(5) of this Schedule.

(7) Schedule A1 to the 1981 Act (counter-notice requiring purchase of land not in general vesting declaration) has effect as if—

- (a) in paragraph 1(1), for “part only of” there were substituted “only the acquisition of a right over”;
- (b) paragraph 1(2) were omitted;

- (d) references to the additional land were to the house, building or factory over which the right is proposed to be exercisable;
- (e) in paragraphs 14 and 15, references to the severance of the land proposed to be acquired were to the acquisition of the right; and
- (f) in paragraph 15, after “in addition to” there were inserted “or in substitution for”.

(4) Subject to sub-paragraph (5) and paragraph 8, if within a reasonable period, being not less than 28 days from the date when a notice under sub-paragraph (3) is served upon Network Rail, it has failed to begin taking steps to comply with the requirements of the notice and subsequently to make reasonably expeditious progress towards their implementation, the drainage authority may execute the works specified in the notice and any expenditure incurred by it in so doing is recoverable from Network Rail.

(5) In the event of any dispute as to whether sub-paragraph (3) is properly applicable to any work in respect of which notice has been served under that sub-paragraph, or as to the reasonableness of any requirement of such a notice, the drainage authority must not except in an emergency exercise the powers conferred by sub-paragraph (4) until the dispute has been finally determined.

~~(5)(6) If by reason of construction of the specified work the Agency's access to flood defences or equipment maintained for flood defence purposes is materially obstructed, Network Rail must provide such alternative means of access to allow the Agency to maintain the flood defence or use the equipment no less effectively than before the obstruction.~~

5.—(1) Subject to sub-paragraph (5) Network Rail must from the commencement of the construction of the specified works maintain in good repair and condition and free from obstruction any drainage work which is situated within the limits of deviation and on land held by Network Rail for the purposes of or in connection with the specified works, whether or not the drainage work is constructed under the powers conferred by this Order or is already in existence.

(2) If any such drainage work which Network Rail is liable to maintain is not maintained to the reasonable satisfaction of the drainage authority, the drainage authority may by notice in writing require Network Rail to repair and restore the work, or any part of such work, or (if Network Rail so elects and the drainage authority in writing consents, such consent not to be unreasonably withheld or delayed), to remove the work and restore the site to its former condition, to such extent and within such limits as the drainage authority reasonably requires.

(3) Subject to sub-paragraph 5 and paragraph 8, if, within a reasonable period being not less than 28 days beginning with the date on which a notice in respect of any drainage work is served under sub-paragraph (2) on Network Rail, Network Rail has failed to begin taking steps to comply with the reasonable requirements of the notice and has not subsequently made reasonably expeditious progress towards their implementation, the drainage authority may do what is necessary for such compliance and may recover any expenditure reasonably incurred by it in so doing from Network Rail.

(4) In the event of any dispute as to the reasonableness of any requirement of a notice served under sub-paragraph (2), the drainage authority must not except in a case of an emergency exercise the powers conferred by sub-paragraph (3) until the dispute has been finally determined.

(5) This paragraph does not apply to—

7.—(1) Network Rail must take all such measures as may be reasonably practicable to prevent any interruption of the free passage of fish in the fishery during the construction of any specified work.

(2) If by reason of—

- (a) the construction of any specified work; or
- (b) the failure of any such work,

damage to ~~at the~~ fishery is caused, or the drainage authority has reason to expect that such damage may be caused, the drainage authority may serve notice on Network Rail requiring it to take such steps as may be reasonably practicable to make good the damage, or, as the case may be, to protect the fishery against such damage.

(3) Subject to paragraph 8, if within such time as may be reasonably practicable for that purpose after the receipt of written notice from the drainage authority of any damage or expected damage to a fishery, Network Rail fails to take such steps as are described in sub-paragraph (2), the drainage authority may take those steps and may recover from Network Rail the expense reasonably incurred by it in doing so.

(4) Subject to paragraph 8, in any case where immediate action by the drainage authority is reasonably required in order to secure that the risk of damage to the fishery is avoided or reduced, the drainage authority may take such steps as are reasonable for the purpose, and may recover from Network Rail the reasonable cost of so doing provided that notice specifying those steps is served on Network Rail as soon as reasonably practicable after the drainage authority has taken, or commenced to take, the steps specified in the notice.

8. Nothing in paragraphs 4(4), 5(3), 6, 7(3) and (4) authorises the drainage authority to execute works on or affecting an operational railway forming part of Network Rail's network without the prior consent in writing of Network Rail such consent not to be unreasonably withheld or delayed.

9. Network Rail must indemnify the drainage authority in respect of all costs, charges and expenses which the drainage authority may reasonably incur or have to pay or which it may sustain—

which is caused by the construction of any of the specified works or any act or omission of Network Rail, its contractors, agents or employees whilst engaged upon the work.

(2) The drainage authority must give to Network Rail reasonable notice of any such claim or demand and no settlement or compromise may be made without the agreement of Network Rail which agreement must not be unreasonably withheld or delayed.

11. The fact that any work or thing has been executed or done by Network Rail in accordance with ~~a plans~~ approved ~~or deemed to be approved~~ by the drainage authority, or to ~~its~~ the drainage authority's satisfaction, or in accordance with any directions or award of an arbitrator, does not relieve Network Rail from any liability under the provisions of this Schedule.
