

Dear Mrs Vincent and Ms O'Neil,

Following further negotiations with Network Rail, I would advise that Cambridgeshire County Council has withdrawn its objections to the following proposals:

C16 and C17 Prickwillow

The County Council has now received detailed design for the proposed steps as part of these proposals, and is now satisfied that the proposals are feasible, in particular with regard to safe refuges for pedestrians. The County Council notes that the proposals should be subject to a full design approvals and certification process. The County Council has therefore withdrawn its objection to the proposals.

C29 Cassells, Brinkley

The County Council has agreed to withdraw its objection to this proposal in consideration of, and subject to receipt of, an Undertaking to be provided by Network Rail concerning additional works that the County Council considers are necessary to ensure the safety of diverted pedestrians, and the connectivity of the PROW network.

The County Council is now satisfied that the additional proposed works and actions address the County Council's immediate concerns, and that the issues will be worked through at detailed design stage and through the Road Safety Audit Stage 2.

Yours sincerely,

Camilla Rhodes

Mrs Camilla Rhodes (Haggett) MA MLE MRICS
