Subject: Nemarket's foot crossing

Dear Sir,

I would like to complain about the proposed closure of the foot crossing over the railway in Newmarket. This is a much used right of way, and has been for many, many years. This country has an ageing population, and the crossing is likely to be needed more than ever. The planned route round to the town is far too long for people living in the area, and for those with disabilities it will be shutting them off from the shops, cafes etc that elderly people enjoy in order to meet and speak with others. It seems unnecessary and unkind to me. It is a safe crossing. People make it unsafe, not the actual crossing.

I would plead with you to consider refusing Network Rail's wishes, and consider those of the population of Newmarket.

Thank you,

Yours Faithfully

Oonagh Bowler (Mrs)
