**Subject:** Network Rail Anglia Level Crossing Reductions TWA Order

Dear Sirs

I would like to place a personal objection to closure of crossing S25 Cattishall on the basis that it is an important crossing supporting leisure routes specifically National cycle network route 13. In an expanding urban area the removal of this link will reduce access to the bridleways and footpath links to countryside to the north of the railway in Bury St Edmunds and will force walkers, cyclists and horseriders onto busy highways thus increasing risks to personal health and safety.

Robin Leeks
