

17.11.17

Dear Sirs,

I have written before but just to back up my objections to the closure of the

Wetherby Crossing debacle!

It will cause me

Great Distress if this

happens. At [redacted] I have

used the crossing all

my life. I do not drive

and as there has NEVER

been a bus service on

this side of town my

only choice is to walk.

I have severe health

problems and rely on the

Crossing to get me to town

and to see friends in the

all Savants area. To have

to try and walk the whole of the circumference of the town just to end up 10 feet from where I would be using the Crossing is farcical. I would be as good as horse blind! as would hundreds of others. I

cannot stress how strongly I feel about this matter. It will adversely affect my life. Terribly.

Yours Distressingly
