Subject: Rother Valley Railway Extension

Dear Mr Grayling,

I am writing to object to the opposed extension of the railway line to Robertsbridge. I have several reasons for this;

My family run a campsite in Bodiam which borders the River Rother. I am concerned that the noise and disruption will impinge on our campers' escape to the peaceful countryside. There will be a crossing at the two narrow bridges and this will increase road noise, accidents and train horns are disruptive to the quiet people crave for.

I am concerned about the environmental damage to the Rother Valley and forcing a CPO on the neighbouring farms is immoral. It is currently an untouched haven for many animals and for this to be destroyed for a hobby railway is very wrong.

I do not see the benefit for the village of Robertsbridge and believe that the amount of cars will be hugely detrimental.

I do hope that the relevant parties see sense and retain the location of the railway as it is.

Yours sincerely,
