Subject: The Proposed Robertsbridge to Bodiam railway line

I am writing to object in the strongest possible terms to the proposal of ploughing a railway line from Robertsbridge to Bodiam.

There is no sense whatsoever in building a level crossing across the A21.

As a member of the local medical community (Orthopaedic Clinical Lead), there is every probability that this added danger will add to the already considerable trauma burden we have at the Conquest Hospital.

It cannot be allowed to happen.
