**Subject:** Rother Valley Railway development through Salehurst Farm

Dear Mr Grayling

I am writing to object in the strongest possible terms to the above proposed development, which would be so very detrimental to our county. My principle reasons are:

- 1 - appalling destruction of ancient farmland, creating huge damage to the environment.
- 2 - ridiculous proposal that 3 level crossings should be created on the A21, one of the busiest roads in the county, causing unnecessary traffic problems and increased danger on the roads.
- 3 - increased risk of flooding.
- 4 - congestion in local village.
- 5 - these plans, unlike a housing development for example, would not actually help anyone in our area. They are purely a folly which would bring no benefit to locals, and would actually harm the farmers.

I trust you will agree that this proposal is a nonsense, which will bring no benefits to our community, but many problems.

Yours sincerely

Janie Hill
