To whom it may concern,

I TOTALLY OPPOSE THE DISGUSTING PLAN TO EXTEND THE ROTHER VALLEY RAILWAY TO ROBERTSBRIDGE.

This plan was put to bed years ago but an endless [REDACTED]  
have revived the Plan.

It is wrong that hard working people should not only be forced to sell their land for a private persons [REDACTED] and have this [REDACTED] engine running through their field with all the pollution it entails damaging natural habitats and nature.

THERE IS ALSO THE FACT THAT WE WILL HAVE TO PUT UP WITH ANOTHER HOLD UP ON THE A21 WHICH IS A NIGHTMARE ALREADY AT WEEKENDS AND HOLIDAY PERIODS.

The village of Roberts bridge will change from a little quiet backwater to an overcrowded carpark where it will be impossible to move.

[REDACTED]

If it was a national rail link built for the future by the Government for the good of the people then maybe compulsory would be OK.

[REDACTED]

Yours disgusted,

David Chapman
