Subject: Secretary of State for Transport

Dear Sirs,

I am writing to object to the proposed Rother Valley rail link between Robertsbridge and Bodiam East Sussex.

This will indeed have an impact on the surrounding farm land and wildlife, but my main objection is due to the proposed level crossings that will be installed on what are already very busy roads. The volume of traffic that use the A21 means that there are regular tail-backs for at least 4 miles, which will only get worse.

Yours Sincerely

Philip Dunmall
