Dear Sir,

Footpath 145, Sheet 52, TO1, No. 131

I am the agricultural tenant of Aveley Properties (West Thurrock) Ltd., and I have seen the proposals in Aveley Library.

The alteration of footpath route between P338 and P339, No 21, would be an unnecessary dogleg, and unless made up to the level of the bund, still be liable to flooding. I thought the diversion of the footpath to the top of the bund was to avoid the regular flooding of the meadows. I therefore suggest that that a new access be made adjacent to my field gates that open from the A1306 on to the bund with a stile. There would also need to be a stile on the opposite end of the bund as livestock is kept in these fields. The bund track is used by farm and utility vehicles.

Also who is to maintain these new arrangements?

Yours sincerely,

R.J.Burnley.
