Dear Sir or Madam,

Network Rail Essex and Others Level Crossing Reduction Order
re E32 Woodgrange Close, Southend on Sea

I have the following objections to closing the subject crossing:

1. This action will cut off two schools and my club on Southchurch Boulevard from part of their catchment area on the south of the railway.
2. Those affected will be forced to take a detour of over one mile to reach the schools and their playing fields
3. The inconvenience caused will encourage some individuals to risk crossing the railway which amounts to having the completely opposite effect to that intended.
4. Closing the crossing will not affect the service provided by the operator C2C Rail.

Yours faithfully,

J D Stansfield.
