re: Network Rail Essex & Others Level Crossing Reduction Order

Feering Parish Council makes the following response to the TWA Essex & Others Order

E20 Snivillers crossing (Kelvedon Bridleway 34) - OBJECT to the closure

Feering Parish Council maintain their objection to the closure of this crossing in the neighbouring Parish of Kelvedon. Snivellers Lane is an ancient lane that predates the railways. Whilst the crossing stays open the lane should be taken into account in the A12 widening plans. Therefore this crossing should remain open until a decision is made on the A12 widening scheme. Network Rail can make crossings safer to cross by using lights and interlocking gates - not a vastly expensive solution.

E21 Hill House 1 crossing (Feering) - NO OBJECTION

Feering Parish Council continues to have no objection with as the alternative crossing point Hill House 2 will remain open.

E22 Great Domsey crossing (Feering) - NO OBJECTION

Feering Parish Council continues to have no objection to the closure of E22 Great Domsey provided that the creation of the new Public Right of Way utilising Domsey bridge is agreed

Speak with you soon

Regards and thank you
Kevin
